

A simple UHF Reader/
Writer for desk with
USB interface

Technical:

Product Code	ZO 130.1010
Standard	ISO18000-6B, ISO18000-6C EPC GEN2
Frequency	865 ÷ 868MHz
Operative mode	Virtual COM (Read/Write) Keyboard Emulation (optional)
Power output	0 ÷ 10dBm
Antenna	Internal
Interface	USB
Power supply	5.0V from USB
Power consumption	90mA @ 5.0V (typical)
Operating temperature	-10°C ÷ +60°C
Dimensions	105 x 70 x 11mm (L x W x H)
Weight	300 g

UHF DESK

UHF Desk is a UHF Reader/Writer ideal for desk, with an internal antenna suitable for tag reading and programming on a fixed location.

USB interface, which integrates power supply, allows a simple usage from any PC by installing the designed driver.

The typical application of UHF DESK is reading and programming large quantities of Tags to be used in UHF systems, from access control to waste management, until applications in hospital and healthcare sectors.
